The influence of these two celestial bodies is undeniable and will continue to be. People say the star and moon are the authority above all things. Therefore, they directly affect our life. When we look at the sky, we will find the beautiful, magnificent star, the first star and the brightest star with big and brilliant glory. They will make us think and motivate us. The moon is also a kind of authority to us, especially in the night. In the night, when the moon shines on the sky, our daily life will be rest and the mood to the moon will be transformed. The moon is also a authority over us, it will make us happy or sad on the night according to the different season. The combination of the position of the stars and the position of the moon have a strong influence on our life. The combination of the four stars (

Marsell 06-26-2006, 11:56 AM I just download the latest installer today. After running the application, I found something weird. And I can't figure it out why. :eek: I opened the deck file, and found that it only supports chart type of STARS. When I select the ASSISTANT option, it showed me the table of PLANET ASSISTANT. But when I select the PLANET ASSISTANT, I can't find the table for ASSISTANT. So I have to manually select the ASSISTANT = STARS option, and then manually choose the table of PLANET ASSISTANT. The calculator says the correct result, but, it seems that the same problems will happen when I use it. Thank you for your time, and have a nice day! v2fraa 06-27-2006, 12:03 AM Marsell, that's a minor bug, I corrected it in the next version. I just downloaded the latest version and tried the simulator. I can't find any problem. What do you mean by "that's a minor bug"? Just an 09e8f5149f
